

## Media release

### Highfield Caringbah coming soon to the Sutherland Shire

**18 September 2017:** The latest addition to The Feros Group is **Highfield Caringbah**, a premium new pub that will present a unique offering to the Sutherland Shire. Featuring three levels, Highfield Caringbah will offer something for everybody including a stylish rooftop bar, sporting bar, gaming and a range of delicious menus.

The name Highfield Caringbah was chosen as homage to the original Caringbah name 'Highfield' which was used prior to 1911. Construction is well under way and Highfield Caringbah is due to open in late 2017.

*"Highfield Caringbah will be a destination for Shire locals to experience the feel of the best city-venues yet still offer an affordable offering that appeals to all. We are really excited about the launch of this venue, which should be due for completion early summer",* said Director & CEO of The Feros Group Chris Feros.

Highfield Caringbah will feature within it **Public House** which will have one of the best TAB facilities in Sydney, plus TV walls capturing all the latest sporting events. Located on level 2 of the Highfield site, Public House will have an amazing bar with 22 beers on tap plus a Bistro with all the pub classics.

Located on the top level of Highfield Caringbah is **The Botanical Rooftop**, which is centered around the incredible views that capture the city skyline and as far out as Chatswood. This space will be stylishly designed with a stunning fireplace, a range of great dining areas along with a beautiful full size living garden wall.

Also part of the Highfield Caringbah precinct are the successful Huxley's and Ugly Pizza.
