

Taren Point Hotel

PRESS RELEASE

TAREN POINT HOTEL SUPPORTS DANDELION SUPPORT NETWORK INC

Taren Point Hotel is dedicating the month of March as Dandelion month with the goal of raising ten thousand dollars to support The Dandelion Support Network.

Dandelion Support Network is a local “heart of the community” group of volunteers who process donated nursery equipment & children’s clothes for distribution to families in need.

Dandelion’s vision is that all babies and children have access to nursery items essential for their safety, well-being and development and they achieve this while reducing the environmental footprint of the community. As they do not receive any government funding, they rely on volunteers and the generosity of the community for donations to allow them to continue their work.

Based in Caringbah, Dandelion HQ is in the heart of multiple Feros venues and aligns with the broader Feros Group strategy to continue supporting and investing in the local community.

The Taren Point Hotel team have planned a month of fundraising activities including raffles donation boxes and a \$2 donation from every main meal sold of the Dandelion family day March 25th.

The Taren Point Hotel staff have also offered to donate their tips for the entire month of March.

Dandelion month concludes with a giant family day at Taren Point Hotel on Sunday March 25th with a reptile zoo, jumping castle, face painter, kids craft and live entertainment.
